OTHERS PRESENT

The purpose of tonight's meeting is to discuss joining Fire Tax District

Mr. Greg Grayson of the NC Fire Chief Consultants was the guest speaker for this meeting. Granville County has been working on this for quite a while. Granville County is one of the last to do this. The cost to operate is steadily rising. The County Commissioners have held a public hearing for the unincorporated areas of the county to implement this fire tax. This is to be effective July 1 2022 and again this is for the unincorporated areas. Municipalities can choose to be a part of this or they can choose not to. Municipalities can join now or July 1 of next year, but it has to be done by July 1 of any year and they have to get out on July 1 if the municipality wants to get of the fire tax district. The County commissioners only make the decision for the municipality to join or to get out. The Resolution is the first step in joining, you also have to have a public hearing (County commissioners will hold this public hearing) and every citizen has to be notified in writing of the public hearing and it has to be 4 weeks prior to the public hearing. The Town also has to attest to the County that those notices have be mailed out to the citizens. This will be talked about again at the May 3 Commissioners work session meeting.
