Kevin:

We would handle the matter on an hourly basis. The rates for associates are \$325.00, junior partners \$400-450 and senior partners \$495-525.00. Paralegal rates are \$190-215.00.

We do a lot of this type of work, so I am confident in our ability to do the work. Whether the judgment is ultimately collectable is the big question that I don't have a feel for at this point.

Thanks

Yes, my hourly rate is \$225.00 per hour. For information purposes, the costs post-judgment are pretty minimal, \$25.00 here and there. The only major fees are typically for seizing vehicles or property. The Sheriff asks for advance for both of those. Vehicles is usually around \$700 Andrea property based on my latest information is \$2000.00. I don't advance those fees without permission of the client, so they would be on board with those kinds of fees.

Let me know if you have other questions.
